

Please do not let this pass. Having telemarketers calling day & night is truly an annoyance and an invasion of my privacy. If these companies really feel the need to contact me they can contact me via the postal service. I am a very busy person and I do not want my telephone lines tied up with telemarketers of any kind. If this goes through I will seriously consider removing the phones from my home and conduct the calls I need to with my cell phone. Thank you for your consideration in this matter.
